

YOU'RE COVERED WITH CASIO

Industry leading 5 year / 10,000 hour* warranty available on both hardware and light source for ALL Casio projectors

The Casio on-site warranty options allow customers to choose a service solution to suit their needs, and ensure that projector down-time is kept to a minimum. This incredible warranty package delivers the ultimate peace of mind and allows customers to manage their budgets over a longer period to maximise return on investment.

In order to activate the warranty, projectors must be registered at casio.co.uk/product-registration.

WHAT DO YOU DO IF SOMETHING GOES WRONG? DON'T PANIC!

We offer a choice of 3 on-site warranty options, all included in the purchase price:

1. Collect-repair-return:

We will collect the unit, repair it, and return it to the customer.

2. Collect-repair-return, with loan product:

As above, but with a replacement projector on loan for the duration of the repair process.

NB: The end user must complete a loan form issued by Casio prior to dispatch of the loan unit.

3. On-site swap:

End user returns the faulty unit to Casio, and is sent a replacement unit that becomes their property in place of the original.

In all of the above instances, the faulty projector must be packed and ready for courier collection.

Any faults or issues should be reported by the reseller or end user to the **Casio Customer Services team** on **020 8452 7253**.
